

God has initiated a sequence to terminate history. We are no longer in cyclic history. Prepare now for calamity and International Government of Revelation's Tribulation. If you are not already doing so, place your people into small home support groups and train them in depth to become mature in Christ-likeness.

THE ENDTIMES SCENARIO FOR HOW REVELATION'S EVENTS UNFOLD THE PATTERN VIEW OF PROPHECY

**by
John M. Stephenson
Updated January 10, 2006**

The Church has over six views of end-time Bible prophecy (eschatology) with conflicting tenets. They all cannot be correct. The Church does not have a consolidated view. This report brings a candidate for this needed consolidated view. It shows that Revelation's events unfold in a Pattern Sequence that terminates history. These are the events of Revelation's seven-sealed scroll which are required for Christ to win back the title deed of the earth from Satan. As this is determined by the heavenly court, it awards Christ the legal authority, according to God's Plan to rapture the Church and bring the resurrections and the final judgments.

THE SCENARIO FOR HOW REVELATION'S EVENTS UNFOLD

(Take urgent action to mature your people in Christ, especially your youth and children while you still can; Signs now signal the endtimes Tribulation can come at any time. Your training time in freedom will be taken away)

Potential Soon-Coming Endtimes Scenario According to the Pattern View of Prophecy

(What if this scenario is correct?
What should and will we do now in preparation?)

Introduction

This paper assumes the reader is familiar with Bible prophecy and especially with the Pattern Sequence of Revelation. It assumes the reader has read my prophecy paper: *The Pattern View of Prophecy, The Many Doctrines of Prophecy Show Clearly the Rapture Will Come Post-Tribulation and the 1000 Years During Christ's Second Coming*. We encourage all readers to read our reports on prophecy as background for understanding this endtimes scenario. It is especially necessary to understand the Pattern Sequence.

Big Picture

The endtimes will come (and the events of history come) as a result of spiritual warfare between Christ and Satan according to the Pattern Sequence and Revelation's seven-sealed scroll. Endtimes events will happen in a similar manner as happened to the Old Testament Jews. In the endtimes sequence, Satan gains more power as the Church falls away and sin of the rest of the people increases. So things will gradually and continually worsen as the sin increases and conditions will come that will be much-much worse and are unprecedented in our times. Satan will do all he can to prevent the elect from believing the Gospel and accomplishing God's work. ***The times will increasingly worsen to the times of Christ's Second Coming without getting better. We are no longer in cyclic history. God has begun the sequence by which He is ending history.*** Because things are worsening gradually, most likely most of the evangelical Church will not recognize the signs that signal the Tribulation's coming can be imminent. They will not prepare and will be blind-sided by its coming.

Introduction (Current Status and Precursor Events)

Many Christians now sense that America is deteriorating sinfully in essentially every category to the point that she can expect God's judgment at any time. There is persecution throughout the world for Christians. The European Union is making extraordinary advances. There is a growth of Christians in many countries such as China. Changes are coming in our churches, schools, and general society for the worse. Our churches and schools are dumbing down their training. There is a now a blackout of solid biblical (Meat of the Word) teaching in our churches. There is also inadequate training of people to accomplish local area-wide evangelism. The churches are attempting to make things easier for people and to draw new people. There are many good things being done with many good results.

This is very good, but the big picture is tragic. Few people now know and can teach God's Word in much depth, and it is not being taught in depth. Our children and youth are not being adequately taught in our churches. Our churches are not paying attention about what is happening around them. Things are gradually being put into place that can bring the endtimes calamity, Churches do not see what the impact will be on them and on their Church people. Churches believe things and good times will continue as they are, not realizing the current times will be suddenly terminated without any warning. People not prepared at the time, will be caught blind-sided. This can be most of the churches.

Few people can and do critical thinking now to know what is happening and why. Much of our Church leadership no longer holds to sound doctrine and has eyes that cannot adequately see and ears that can adequately hear sound doctrine and understand it. Most believe wrongly that life will continue as is, and we will have peace without experiencing the sword. Immorality, such as sodomy, is greatly on the increase. Our country's finances are in shambles. Mother earth is now getting more attention than is God. Americans hold the country to be more important than God. America is acting as if the Christian Church did not exist. She has essentially no influence on the country's direction. America now has the god of wealth, the god of free enterprise, and the god of freedom. America is rapidly becoming an apostate nation. Fewer and fewer people percentage-wise now go to Church anywhere. And those who go, most do not become involved in ministry.

Because America is deteriorating in every category, we need now to look ahead for what can be soon coming and with critical analysis determine what is happening and what we should do now that would be best for our Church people and families. Unfortunately most churches are not doing critical analysis and do not have a clue about what is coming and how bad things will become. They do not see things going into place that can and will bring calamity and international government. ***Churches do not realize that the main responsibility or cause of the endtimes coming is the direct fault of Church leadership.¹ They no longer hold to sound doctrine. Leaders do not realize that many of them will be arrested and executed as the endtimes begin.***

We should know that the Church people go as the Church leadership goes. Under poor leadership, the Church people do less and fall away. As this happens, the sin of the rest of the people increases. This overall situation is happening now. When the sin of all crosses God's threshold for sin, He brings the calamity and evil government which implements the endtimes disciplinary Tribulation.

Thus, those in Church leadership carry much of the prime responsibility for the Tribulation coming. We all may carry some responsibility. Those churches that are now training with mostly and only first-level training, if that, have fallen away from the greater faith. They carry a large responsibility for the Tribulation coming.

The Church will go through the Tribulation. Thus, we should adapt to what God will want us to do during these most difficult times. We should very importantly prepare to become mature in Christ, and help do area-wide evangelism. We should prepare by putting aside provisions to help us get through the beginning of these times.

Be warned, the calamity will come, suddenly without warning (without verified information), in a whirlwind when most expect the current times to continue. Most are not expected to prepare,

1. 2 Chronicles 7:14 - and My people who are called by My name humble themselves and pray, and seek My face and turn from their wicked ways, then I will hear from heaven, will forgive their sin, and will heal their land.

From this Scripture we can see that a country goes down spiritually and deserved God's judgment when God's people sin against God. This sin begins with Church leadership.

We know that in the Old Testament God's people obeyed when they had good leadership and fell away under poor leadership.

and thus, they will be caught blind sided.

There is a positive side. Those who obey God from faith and love as the endtimes unfold with persecution and torture will gain much more maturity in Christ. This will be needed both now and especially in eternity to know and to relate to God more in His depth. We can have a better resurrection. God uses the Tribulation for both positive and negative results.

Background

The events of the endtimes under Revelation's Pattern Sequence is how God is ending or terminating history. He is doing this under intense spiritual warfare when Satan has been granted great power. He has this power because the Church is falling away and the sin of the rest of the people is greatly increasing. The falling away of Church, especially her leaders, is responsible for the Tribulation coming, so the Church will go through the endtimes. These are the spiritual rules when in the Pattern Sequence. Because many churches now have eyes that can no longer see and ears that can no longer hear too understand spiritual things may not realize they are in this state. They do not see the need to teach God's Whole Counsel and help to area-wide evangelism.

Few churches are doing critical analysis to determine what can be coming and what they should be doing because of what is coming. They appear to believe, by the way they act, that present times will continue forever. ***This is a most terrible mistake. They will be caught blind-sided and unprepared.***

Churches do not realize that teaching mostly the Milk of the Word without also teaching in breadth in depth with the Meat of the Word, they are fueling a famine of God's Word as the Tribulation comes. They are fueling an immature church with a loss of biblical intellect and with much less of God's work being accomplished. This brings less glory to God and because the church and country are forgetting God's Word, He forgets their children. He brings a famine of God's Word (Amos 5:23; 8:11) in the Tribulation and brings a famine of God's music or songs (such as the good hymns). The churches are doing this now by going mainly to only first-level teaching and using the world's loud dominate rock-type repetitive beat music. They are bringing the world into the Church. Thus, we can expect a great falling away as the Tribulation times come.

Signs and trends, because of sin in our churches and country, signal the endtimes are coming. These trends God prophesies will come in the endtimes as a period of divine discipline. He uses Satan's efforts to bring them as the sin of God's people increase.

These trends include: (1) the falling away from adequate evangelism and discipleship; (2) churches are fueling a famine of God's Word by teaching mainly first-level training; (3) how the removal of God's music (the hymns) is happening by the emphasis of the world's music; (4) how God is forgetting the children because we no longer hold to sound doctrine; and (5) that a great falling away is coming because people are not matured to stand strong using training from God's Whole Counsel.

These trends are as follows:

- 1. The churches across the country and world are going to the world's loud dominate repetitive beat music. The churches are becoming entertainment rather than worship centers. The use of God's great music in the hymns is now gradually disappearing.***

Amos 5:23 "Take away from Me the noise of your songs; I will not even listen to the sound of your harps. (This shows that bad music will be prevalent in the endtimes, but God will not listen to it. He will not listen to it because the people are in sin.)

- 2. The churches are going to a much lessor version of God's Whole Counsel, by only or mainly teaching the Milk of God's Word. In time few will know and can teach His Word comprehensively. We have a famine of God's comprehensive Word. We are heading to the immature Church with a loss of Biblical intellect. Our knowledge of God's Word is plateauing We could be there now.***

Amos 8:11 - "Behold, days are coming," declares the Lord God, "When I will send a famine on the land, Not a famine for bread or a thirst for water, But rather for hearing the words of the Lord.

2 Timothy 4:3 - For the time will come when they will not endure sound doctrine; but wanting to have their ears tickled, they will accumulate for themselves teachers in accordance to their own desires;

- 3. The churches are teaching but first level training to the youth and the public schools are teaching inadequately. Our kids now growing up will not know God's Word, will not know how to read and write, and cannot think to do critical analysis or have the knowledge about what is happening as the endtimes unfold. Very little of Bible prophecy is being taught. These actions are fueling a great falling away from the faith when the persecution comes. They will not know what is happening when the endtimes events unfold. This will especially include the children and the youth. God's people perish when they have a lack of knowledge.***

Hosea 4:6 - My people are destroyed for lack of knowledge. Because you have rejected knowledge, I also will reject you from being My priest. Since you have forgotten the law of your God, I also will forget your children. (Emphasis mine.)

When the Tribulation comes, our children will be taken from us and educated satanically by the state. Parent will not be able to do anything about it.

Hosea 4:6 - My people are destroyed for lack of knowledge. Because you have rejected knowledge, I also will reject you from being My priest. Since you have forgotten the law of your God, I also will forget your children.

Deuteronomy 28:32, 41 - "Your sons and your daughters shall be given to another people, while your eyes shall look on and yearn for them continually; but there shall be nothing you can do. ... "You shall have sons and daughters but they shall not be yours, for they shall go into captivity.

Ezekiel 5:17 - 'Moreover, I will send on you famine and wild beasts, and they will bereave you of children; plague and bloodshed also will pass through you, and I will bring the sword on you. I, the Lord, have spoken.'

Note: The above emphasis in the Scriptures is mine.

When the Tribulation comes, these trends will magnify as God's Word and the use of the hymns will not be allowed by law. And the children will be taken from their parents.

If we are to have the best we can have under God, we need the committed mind set to become mature in Christ and to accomplish His work, including area-wide evangelism. We must not hold on to the American dream that will no longer be with us. We should organize our lives for God's Plan as the endtimes unfold and not work for a comfortable life. We should organize our churches and ourselves to accomplish God's work in the midst of the most terrible and difficult of times. We should place our people into small home support groups. Thus, we must choose locations, and have needed

goods needed to accomplish God's assigned ministries. We need to memorize Scripture and hymns. We need to study the VOM materials to know what to do as the underground Church in and out of prison.

Why Judgment is Coming in the Pattern Sequence

The presentation in this section is a potential scenario as to how the calamity and world government might come. It presents what will occur under Revelation's (Satan's) Beast's world empire, ruled from behind the scenes by the Babylon the Great (the Illuminati - internationalists under Satan) in secrecy, sensuousness, and sorcery. They hold to one world government, one world religion, one world court, and one world trade and financial system. We should expect the very worst of times that do not necessarily have history, except with the Jews in their Old Testament Pattern Sequences. They can be the worst of times because Satan gains more power as the sin of the church and the rest of the people increase. This is greatly increasing today. As the Tribulation comes and persecution comes, more Christians and potential Christians in America will fall away from the faith. Of course some will increase in great faith. This will give Satan much additional power to increase His clamp down using International government. It will eventually lead to the Mark-of-the-Beast system. (We can gain some insight about what can happen, perhaps, even though outdated, by examining the Communist Manifesto. It is only a guide to what might happen. But it does give the type of thinking for world government.)

Communist Manifesto

Marx and Engels wrote similar tenets as the above for the Communist Party in the *Communist Manifesto* in 1848. They are as follows:

1. Abolition of property in land and application of all rents of land to public purposes.
2. A heavy progressive or graduated income tax.
3. Abolition of all right of inheritance.
4. Confiscation of property of all emigrants and rebels.
5. Centralization of credit in the hands of the state by means of a national bank with state capital and exclusive monopoly.
6. Centralization of the means of communication and transport in the hands of the state.
7. Extensions of factories and instruments of production owned by the state, the bringing into cultivation of waste lands, and the improvement of the soil generally in accordance with a common plan.
8. Equal liability of all who do labor. Establishment of industrial armies, especially for agriculture.
9. Combination of agriculture with manufacturing industries; gradual abolition of the distinction between town and country by a more equable distribution of population over the country.
10. Free education for all the children in public schools. Abolition of children's factory labor in its present form. Combination of education with industrial production etc. (The state would assume the responsibility of educating all the children in the society. There would no longer be private schools of choice [or home schooling].)

Many of the above have already been implemented in the United States.

There is commonality between all who are setting the rules of takeover of the world because Satan is behind it and establishing the rules. The rules of the sin nature are always the same. To have a despot totalitarian dictatorship, the government must control all the needs of life and the needs of key businesses which brings the needs of life. Therefore the government must control the resources, water supplies, food raising, production, distribution, and marketing and gasoline production, refining, and distribution.)

Thus, Satan will be given great power at the time of the calamity because the Church and the people in the endtimes most favored nation in the Pattern Sequence (The United States) have seriously fallen away from God. The coming endtimes will contain unprecedented events and conditions. Americans expect the present times to continue in a linear fashion. But the events will suddenly turn non-linear with a free fall of the economy and much breakdown of the infrastructure. Great changes are coming upon America and the world. Times will be much worse than most think. We need to prepare both spiritually and physically. The America we know will be gone forever as Revelation's endtimes suddenly and without warning unfold in a whirlwind. WE SHOULD CLEARLY UNDERSTAND THAT SATAN GAINS MORE POWER AS GOD'S PEOPLE FALL AWAY AND HAVE INCREASED SIN. VERY OFTEN, CHURCH LEADERSHIP DOES NOT REALIZE THIS. Many leaders believe they have no fault or are no cause.

Satan, as he gains more power as sin increases, will attempt to control the world with an iron hand to keep people from doing God's work and from becoming the elect. He will act to have tight control removing our discretionary time and finances. This is beginning now. He wants the world to worship him in his dominion. He will attempt to control people by controlling their needs of life - food, water, gasoline, time, funds, personal needs, housing, and travel. This means he must make great war against believers (the Church) and all those who will not accept his scheme of world government, world trade, and world religious system. God, because of the sin of both the Church and the rest of the people, will allow him to do this. By doing this in the Mark of the Beast Period, the world will become polarized formally as to whether one accepts or denies the Gospel. This allows God to bring the final termination of history.

In this process of preventing the elect from believing and accomplishing God's work, he brings population control. He kills many and prevents others from being born. He does this through AIDS, the HIV virus, the plague, martyrdom, war, abortion, and gay marriages (no children).

We know that war, plague, and famine will come upon America because this is what happens to the favored nation and is prophesied in Revelation 6. We can gain much understanding for what the endtimes will bring by examining what happened to Israel in her Patterned Sequences. By doing this, we find that God allows the children to be taken from their parents, all real estate is confiscated, there is a famine of God's Word, and the people's music is taken from them. Many were taken to bondage and exile such as to Babylon. We know there will be world government, world trade, and a world religion. ***The scenario that follows will draw upon these teachings. For detailed development, see Watchman Warning.***

We can expect serious attack on our children and youth because Satan has to train them for the foundation of his world government. He wants to transform their thinking to the need and benefit of world government. This occurred in Israel's Pattern Sequences and during Hitler's time. This is Satan's method and strategy. Thus, their education will be directed to and limited to achieve Satan's goals.

The rest is based on the events of the Pattern Sequence, the past, and what is being observed around us. We may not be right on all these details. But things will get real bad from the viewpoints of freedom, religion, travel, and finances. We can expect strong control in each of these areas. Under evil government, tight control is necessary in order for Satan to help prevent the elect from believing

and doing God's work. Such tight control leads to the lack of good inventions that come with freedom and free enterprise. One devastating result is there will be little monies to support Christian ministries.

Americans, including the Church, in general, have no clue or concept as to how bad things will become. They go on believing the America they have now will continue forever. But this will not happen. The same is true in the Church, particularly those who believe wrongly in a Pre-Tribulation Rapture. We need to observe the times and prepare for going through the soon-coming Tribulation. Regardless of our prophetic views, all Church people should be taught what happens in the Tribulation. This is so when people find themselves in the Tribulation, they will know that the Rapture is Post-Tribulational, and they have not missed a non-existent Pre-Tribulation Rapture. They will know what to expect and conduct themselves.

Because of sin, God will bring America down. She has not considered her future under God as she is falling away from obedience in every category. God has blessed America greatly. But now in her sin, these blessings will be removed. She will never again be the nation she was.

Lamentations 1:9 - Her uncleanness was in her skirts; She did not consider her future; Therefore she has fallen astonishingly; She has no comforter. "See, O Lord, my affliction, For the enemy has magnified himself!"

Potential Endtimes Scenario²

The endtimes events come as part of the endtimes Pattern Sequence based on prophecies and events that occur in the Pattern Sequences. A possible and potential scenario for how the endtimes might begin, bringing calamity and world government, and what might happen when they do come is now presented according to the sequence. We can be inaccurate on some of the details, but we should expect the worst.

As the apostasy of the people and the falling away of the Church continues, watchmen have been and will be warning. There will be droughts bringing shortages of food and water, and there will be foreign military build up. Signs and conditions will continue to warn. ***But one must be vigilant to examine them.***

It helps greatly to know and understand the Pattern Sequence concept and the events that occur in it and why. Then we can have insights for what can happen as the endtimes unfold. ***THE PROBLEM WE HAVE IN THE MAJOR VIEWS OF PROPHECY IS THAT THOSE HOLDING THEM APPARENTLY DO NOT KNOW OR RECOGNIZE MANY OF THE SIGNS THAT SIGNAL THE TRIBULATION'S COMING IS IMMINENT OR IMPENDING.*** Thus, they continue doing what they are doing without taking special pains to train and prepare their people. The Pattern View of Prophecy with the Pattern Sequence is how we can know the signs. They are now all around us.

At some point in time, the calamity's events of the fourth seal will come. Only God knows the time. It will bring war over one-fourth of the world on the world's nations, and especially on America's homeland - the endtimes most favored nation. We know that the sword, plague, and famine will come to the United States as the favored nation and to other nations because this is prophesied.

The Babylon the Great (the secular Illuminati), who rule secretly from behind the scenes, will bring foreign military invasion to take over America. It will come after or at the time terrorists or foreign military plague and nuke some cities in America as the favored nation. (The terrorists will most likely be foreign military, because it represents the international government and has been training for this

2. A detailed development and listing of what can happen according to the Scripture for the Pattern Sequence events are contained in *Watchman Warning*. There is a chapter of 32 pages and an appendix of 28 pages.

The Scenario for How Revelation's Events Unfold

reason for many years in the United States, Mexico, and Canada under the authority of the United Nations. This military is well trained for the calamity and the taking over cities.) It most likely will happen to those cities that have little influence on a restored or continued economy (even though it will or can severely damage the economy initially such as 911 did as the World Trade Center was destroyed). Cities will be preserved that have key chip business, and the production of military weapons and satellites needed for the world military from Satan's perspective. It may happen to those of the greatest sin from God's perspective and from Satan's perspective, as God allows, where there is a large concentration of Christians in a falling away state. In any case, it will be adequate to persuade the American people to accept world government in the place of a sovereign independent nation. Thus, our present Constitution will be discarded and a new evil one put into its place. We will no longer have laws that protect our personal freedoms. We will be at the mercy or lack of it under the new government. Things are going in that direction now.

This calamity will cause much of the infrastructure to break down with many goods no longer getting to the market place at least in some (most) areas. The stock market will crash. The country's finances will be in chaos. Christian churches will be confiscated and closed. Financial support to churches and Christian missions will fall away. People will make massive runs on the food stores and gas stations. Most will not be able to buy food and personal goods. They may turn off the electricity or blow up power transformers that will remove the electricity for an indefinite if not for a permanent period. Having this happen, water will no longer get to homes. In the darkened areas, the military most likely will come arrest and martyr key Church and Patriot leaders. We had dry runs on electricity outages in the south west in 1996 and in the north east in 2001. Having this happen, water may not get to homes. electricity outage, credit cards will not be honored. Gasoline will not be pumped. One will need cash or precious metals money coins to buy things. One will need goods with which to barter. We should store some gasoline with fixes for some emergency travel.

With the sword, plague, and infrastructure break down, this will crash the American economy. There no doubt will cause the stock market to crash. It is vulnerable now.

The then president will then no doubt declare Martial law. He will call in the UN military to restore order. There is an executive order in place that allows him to do this. They can use the foreign military already in the United States, Canada, and Mexico and/or they can bring in more. This will be the military invasion. Because the military is God's armies (as well as Satan's), we must surrender to them or die. If we fight against them, we will be fighting against God because He is bringing them to bring His divine discipline. We will be told by the government that in order to prevent any future calamity, we will have to accept international government and a complete loss of freedoms. The public, and a poorly trained Church, not knowing what is really happening, will do this.

The conditions will become sufficiently bad that will cause the country to accept and go under International government. But they will not be so bad as to prevent some orderly restoration of business that will support world trade, the chip business, and the development of military weapons. This may be true even though the times may be sufficient to take away the discretionary wealth of the middle class so they have no funds to do Christ's ministry.

Now we are in the Tribulation under the endtimes international government. There will be some form of military rule, most likely mainly by China, Russia, and perhaps Germany. (China and Russia are behaving themselves today, looking forward to their rule when it comes. Some modified form of socialism and/or communism will come.)³ All nations that do not conform will be warred against. As previously stated, they will attempt to preserve sufficient of the United States to support major industry, military weapon production, the chip industry, and finances to support the use of oil and have great world trade. America will continue with some great hardships particularly in the nuked and plagued cities. But she will cease to be the great nation she is now and that God gave us. Because we have

3. Gorbachev is living in San Francisco's Presidio planning how to operate and run world government.

walked away from Him, God, using Satan, is taking it away from us. And the Church is mostly responsible for it happening.

To help prepare for the coming times and be able to continue our Christian walk and ministry, it should help to get out of debt (including for mortgages). It would help to reduce expenses, have some cash on hand, be able to save money, have a support group, have a job (do not retire), and have goods for bartering including food and water, get into good health, and be involved in ministry. Because of expected drought, food and water will be in limited quantity and most probably will be rationed. It would be good to have a low profile. (One should know how to have and maintain the best and good health they can have. This is true then when food, and its choice, and water are limited - being under tight control or under severe rationing. We will need to know how to not get the plague and get well from it in its early stages. We have some insights in our health paper.)

We should now work for revival the best we can so we can have the best He will allow in these endtimes.

We now will have a different America forever with God's blessings removed. ***Our Constitution will be gone and be replaced by an evil one.*** Some time in the calamity or early under world Government, the military will arrest and execute several million Church and Patriot leaders. This most likely will happen when they black out the nation or major areas as we experienced in the north east in August 2003 and in the western states in the summer of 1996. They will take the leadership away and pad lock church buildings so the resistance will be much less. The sheep, not in small groups under good leadership, will be scattered. We should be in small support groups for mutual help and support.

(This latter effect can be much less with Church people in home groups. The home groups can still evangelize with limited freedoms particularly if more leaders are trained with God's Whole Counsel. This allows God's work to continue without our Church people being scattered. Note what is happening now in China. We now have many small groups in Korea and other parts of the world. God appears now to be forming such groups for the endtimes, even with elementary training - this may be all they know to do. Their people are already in places of maximum support, particularly if they will put in some needs-of-life supplies,.)

When the new world government comes, with the United States Constitution put aside forever, the internationalists will put into place many things that give them control over people. They will attempt to control finances, food, water, gasoline, our discretionary time, housing, travel, and personal goods. Because great sin is involved, we can expect God to bring much drought that will limit the food supply and most likely bring rationing. This happened to Israel. As a result many people will probably become sick. The government will control people by controlling the drugs they will need to maintain their health in a propped out manner. People may no longer be able to maintain good health because of the shortages of food and especially nutritious food that may be grown more organically. The government makes much money through the use of drugs. Thus, we can expect the government to control all farming and eliminate having or controlling all health supplements.⁴ If we have them, it may require a doctor's prescription to purchase them. There will be no longer independent farming and probably no longer be true organic farming. (Home gardens?) Health products that so many now depend upon, may no longer be available from the market place. We need to put some away now.

It has been reported that there are or will be three giant computers in the world (Australia, Belgium, and in the United States) that are keeping records on all or most people over the earth. They want to control people and know the dissidents for destruction.

4. They may keep the supplements if they can control their development and distribution so they can get a financial return as they are getting from the drugs.

We can expect that most Christians over time will be incarcerated, martyred, and/or placed into slave labor, and the children and young people satanically educated without parents being able to do anything about it. Secular data shows there are over 100 prisons in place in America to house dissidents for slave labor and/or execution using the guillotines so they can sell human organs. Young people will be thrust into recreational sex. Slave labor will greatly increase in the United States because their very low-cost products will be used in world trade to bring funds for the internationalists. There is slave labor in our prisons now. We will lose our freedoms by law, especially the freedom to preach God's Word and to evangelize. The new tolerance laws that are coming now will be that it will be (is) against the law to speak against other's beliefs as being wrong or that Christianity is the only way or any way. There will be great persecution and large travel restrictions. We may no longer be able to travel without permission to visit our families, loved ones, and friends who live out of our area, and ministry meetings. Travel restrictions are a method of control. The endtimes will proceed through the endtimes Mark-of-the-Beast Period.

Satan will attempt to control the discretionary time and finances of all people. He must not let them have discretionary time and finances so as to prevent the preaching and sharing of the Gospel. He wants a one-world religion to bring him worship. Thus, he must force people to adopt it by threatening prison, slave labor, and/or martyrdom. The United States is in great debt by design so that its correction will remove the wealth of the middle class, mainly all Americans, and give the government control. Stock market participation by Americans (at least by Christians and Patriots) most likely will cease. All funds in the stock market most probably will be lost. They then may set up a new system.

We expect the American financial debt bubble will break sometime in the next few years. It can happen as the calamity comes (or cause the calamity to begin) with the plaguing and blowing up of our cities. When this occurs, the debt will need to be paid in some manner. We expect a devaluation of the dollar, bringing new currency, and all loans to be called in by Law or property just confiscated. They may do this when the people cannot pay their debts. Whatever happens, the average citizen will lose everything and have to work to gain his needs.⁵

By this means the government may wipe out the savings and discretionary funds of most people and will confiscate the real estate of most people, particularly the middle class and Christians. This happened to Old Testament Israel. They could go to a cashless society (now or under the Mark-of-the-Beast system) in order to monitor the transactions of all people. This will threaten the people to obey the government. They will do this in some manner even if they continue using currency. Everyone will have to work to have money for buying the needs of life. This can begin soon after the calamity.

There will be some form of order in the finances so that world trade will continue. In fact, world trade is expected to be the greatest ever in at least the first part of the Tribulation. World trade is the way the internationalists control the nations and gain finances. It is called interdependence. Each nation will assemble goods such as airplane, computers, and cars, but will need to depend upon the other nations for the parts and designs. If a nation will not obey the internationalists, they will not get the parts or the assembled goods and the economy of the nation will suffer. So the internationalists control through the finances set up by world trade. They also control by letting some nations control the people such as is expected for Russia and China.

Most likely, all retirement funds and investment income probably most likely will cease or be devaluated and all investments by the common person will also cease or be devaluated. They will most likely execute those who cannot work or do not add to the world trade, such as seniors, those on welfare, and the handicapped. Third world nations, and non-conforming industries will be destroyed by the military, plague, or non support. They can wipe out small towns such as removing all support

5. There has been talk of two currencies for the United States. One for the people in the country and one for those outside of the country. There would be an exchange rate between them. The one for outside the country is not expected to be devaluated.

from them. The government will begin to make war against Christians and Patriots, placing them into slave labor or martyrdom. In some manner they will remove the power and control from Islam, such as taking away or in some manner controlling their oil (or threatening to do so) because they do not work well under world government they do not control. They want to put their culture over everyone. The new government needs control of the oil in order to control the world through finances. They may need to invade and/or take control of all Muslim countries. They must be under tight control or be eliminated from the spiritual game.

Because finances will be controlled, there will be little financial support for Christian ministries. Pastors and Christian leaders should go underground to prevent arrest and martyrdom. Only this way, can their ministry continue. In the Tribulation under world government, Christian ministry will need to go underground to survive.

One financial preparation against this chaos, if it works at all, is to take all our paper and financial savings in computer records in 1's and 0's such as in banks, etc. that can be conveniently deleted by computer keyboard key strokes, and put them into hard goods such as in gold and silver money coins and in the needs of life for bartering. (Do not buy bullion or high-priced collector coins.) One can own a home outright, but one will need the funds to pay greatly increased taxes based on the old dollars. However, in the long term, all homes are expected to be confiscated as they were in Israel's time. In the near term, we might own a mobile home or trailer that has low taxes,

Preparation for these times must be done before the crash comes. Even if we make preparation, we do not know if we can keep what we have. We can expect a military house-to-house search of our homes in time, particularly of targeted people. The government may confiscate all gold and silver, Bibles, and Christian training materials. We may need to hide things such as precious metal coins and food so they cannot be easily found by military search using such as metal detectors. We will need to be creative. Gold coins most likely will be confiscated.

We will need to purchase **NOW** anything we will need to use for ourselves and bartering for when the calamity comes and for the first few months under international government. This will include personal things, some food, water, gasoline, Bibles, supplements, and Christian training materials. All Christian publications and Bible book stores will be closed. Because of water shortages, toiletry will be a major problem. We may need chemical toilets or use strong lined waste paper baskets. We will need to purchase sufficient goods to help others (to whom the Lord leads us) who do not or can not prepare. We should join now and practice with some friends who will prepare with us and be of mutual support for when the bad times come. The practice will show up short falls in our preparations. We can be in a home Bible group together.

At the end of this world government period of two periods, all people who are to live, will have lived, and will have made formal decisions in life or by death to accept or deny the Gospel. The first period will last about 20 years and the last Mark-of-the-Beast period lasts 42 months. Only after this latter period does God allow the wheat (believers) to be separated in Rapture from the tares (unbelievers). At the end of these disciplinary endtimes, that people call the Tribulation, the world will be in complete apostasy, no longer being able to be saved. There will be very few believers alive (most have been martyred) awaiting the Rapture and Christ's Coming. **Satan must leave a few believers on earth or God will destroy all people.**

Isaiah 1:9 - Unless the Lord of hosts Had left us a few survivors, We would be like Sodom, We would be like Gomorrah.

When Christ comes, the days will like those in the evil Sodom and Gomorrah and those in the times of Noah just before the flood. The world will be in complete apostasy with only few believers being delivered. All the rest will have been killed.

At some time, Christ will come and rapture the Church. Believers will go to the new Jerusalem and

unbelievers to the Lake of Fire.

If we are to have the best we can have at the time of our death as we go into eternity, we need to be believers in Christ's Cross and have reached the greatest maturity in Christ-likeness in high-skill spiritual ability we can have and have sent our treasures on ahead. Thus, even though going through the Tribulation will be greatly distasteful, we need to cooperate with God to do His will in these times, even if means persecution and martyrdom.

Revelation 2:10 - 'Do not fear what you are about to suffer. Behold, the devil is about to cast some of you into prison, that you may be tested, and you will have tribulation ten days. Be faithful until death, and I will give you the crown of life.

We must concentrate on God's Plan for us in eternity, without attempting to preserve the American culture and freedoms we love and adore that will not continue. When the calamity and international government come, the America we know now will no longer exist forever. America will be in the condition that helps to lead to the termination of history. Do what you can to mature your people and families and position them in home groups for maximum protection and growth with a sense of urgency. But stay in God's work.

Please understand the primary cause of the Tribulation is the falling away of Church leadership followed by the Church overall and the rest of the people. With this falling away, the church people no longer have spiritual eyes that can see and spiritual ears that can hear. Because the church is no longer teaching God's Word in depth, no longer enduring sound doctrine, God forgets her children. Such lack of obedience gives Satan more power to bring his terrible endtimes.

We should pray ardently for what God would have us do. Whatever has been the past, lets make the future the best we can have under God. This may have to begin with ruthless self evaluation and major changes to bring personal, family, and church revival.

2 Chronicles 7:14 - and My people who are called by My name humble themselves and pray, and seek My face and turn from their wicked ways, then I will hear from heaven, will forgive their sin, and will heal their land.

We must clearly understand that the falling away of the Church (us) in America is one of the primary causes of the Tribulation coming. We will be judged according to our works. Because the churches are falling away, Church leadership should expect great judgment. Maybe we all should.
